MISSION STATEMENT

The mission of McDonough Marine Service is to continue serving as the global leader in the marine transportation industry by providing exceptional, safe, quality service. Our customer-focused approach will ensure the achievement of our customers' marine transportation objectives.

- Integration of health, safety, and environmental considerations throughout all the aspects of company operations
- Provision of highly qualified personnel to manage each customer's specific marine transportation needs
- Development of creative transportation solutions that deliver the highest value to our customers

SERVICES OVERVIEW

McDonough Marine Service is the proven leader in the marine transportation and logistics industry. For over 70 years we have empowered the success of our customers through the delivery of exceptional customer service, superior assets, creative marine transportation solutions, and logistics and project management expertise. As a complete solution provider, we specialize in the charter of barges and tugboats, and the coordination and management of cargo moves to support the successful execution of our customers' projects.
